

VINCKIER FOODS

Serving our Communities since 1997

PROUDLY INTRODUCES OUR

COMMUNITY REACH PROGRAM

Our new fundraising program helps your business, organization, school, church or function, to gain dollars to use wherever you see fit and where it helps you the most. Since everyone grocery shops, wouldn't it be nice for you to have your people giving back to themselves or families?

This fundraising option is an easy way to raise money for your organization. The Vinckier Community Reach program is very simple. Here's how it works: The average consumer spends \$150-\$200 on groceries each week. Your organization can purchase gift cards in any denomination and then Vinckier Foods will give you a 10% discount on the total. That 10% is now yours, simply sell the gift cards to your families at full value and the discounted money goes into your organization's fund.

It's easy to get started!

The best way to get the ball rolling is to ask your families and volunteers if they would be interested in participating. Let them know how much money you could collect and what you could use it for. When you are ready to go, just give us a call! If you have any further questions, please feel free to contact myself at address or number below. Thank you for your business and continued support.
